South Jeffco Republicans

Event Location – The Barn at Evergreen Memorial Park, 26624 N. Turkey Creek Rd. Evergreen, 80439

Dear Jeffco School Board members Mr. Newkirk, Mr. Witt and Ms. Williams, Jeffco Superintendent Mr. McMinimee, Jeffco high school principals Mr. Paxton (Conifer), Mr. Alsop (Evergreen) & Mr. Edwards (D'Evelyn), and Golden View Classical Academy Founder Derec Shuler (via the office of Tim Matlick):

You are all listed as Featured Speakers or Guest Speakers at the Evergreen Tea Party's "Public Education in Jeffco" meeting held Monday, November 10, 2014, in Evergreen.

Amongst the list of community organizations co-sponsoring the event, we found one particularly concerning group: the American Freedom Party.

As the Southern Poverty Law Center notes, "The American Freedom Party (formerly American Third Position) is a political party initially established by racist Southern California skinheads that aims to deport immigrants and return the United States to white rule."

The American Freedom Party's own website notes: "There are no better people to run America than European American people," and, "White Americans should push back!" While they now call themselves "nationalists," it seems clear that white supremacy is certainly a part of their political platform, as evidenced by the link to the Occidental Observer, which focuses on "White Identity, Interests and Culture."

There are no better people to run America than European American people. European peoples should organize and advance their own interests just like every other group. Join our fight for Heritage and Identity!

The American Freedom Party needs your help! Send \$10, \$20, \$50, \$100, or any contribution you can via PayPal "Send Money" to treasurer@american3rdposition.com or click here:

[\\$ Donate Now](#)

The American Freedom Party (AFP) supports the right to keep and bear arms. Emancipate yourself from the dinosaur Democrat and Republican parties. Join a National Party that puts America first, The American Freedom Party!

» Occidental Observer

Articles and essays touching on the themes of White identity, White interests, and the culture of the West.

www.TheOccidentalObserver.net

We find your participation in and even association with this group profoundly inappropriate and incredibly inconsiderate of the students and families you represent in this diverse school district.

Please explain:

- 1. Why you participated in this event.**
- 2. Why you agreed to be associated with the American Freedom Party.**
- 3. How your association with the American Freedom Party aligns with Jeffco Schools' mission to "provide a quality education that prepares all children for a successful future."**

We have included a few other items related to the November 10 gathering, and look forward to your responses.

Tina Gurdikian & Kelly Johnson
Jeffco Parents

The cake from the November 10 meeting, presumably paid for by the event co-sponsors:

Two items from the American Freedom Party website:

We believe in the freedom to live in a healthy and moral society. A free people in a healthy society have strong family and marital bonds. Militant feminism and radical homosexuality have been foisted on the American people against their will. It's time to end the hatred and demonization of men in the media and the bias against men in family law and return to a harmonious and positive balance between men and women that benefits society and nuclear and extended families.

White Americans should push back! Change your party allegiance to the American Freedom Party. A Nationalist party that shares the customs and heritage of the European American people. We need a Nationalist Party interested in defending our borders, preserving our language and promoting our culture. The American Freedom Party is not beholden to foreign governments, special interest groups, nor Wall Street. The American Freedom Party is for America First!

The American Freedom Party (AFP)—formerly The American Third Position Party (A3P)—supports the right to keep and bear arms. Emancipate yourself from the anti-Western Democrat and Republican parties. Join a Nationalist Party that puts America first, The American Freedom Party!

The agenda from the November 10 meeting, published AFTER the meeting on YouTube along with video from the meeting:
